FlightDeck

Find out if retailers will accept your EPUB with the *most advanced EPUB validation* and testing tool available.

- FlightDeck provides clear, actionable error messages and recommendations to help you get your EPUB files ready for sale.
- Reduce your quality assurance workload by catching hidden issues inside your files.
- File stats, including details on external links, embedded fonts, image dimensions, and more.
- Built-in EPUB metadata editor to make quick updates.

"FlightDeck is a great #eprdctn tool, complete with retailer grids, to analyse your ebooks from several angles. It is an indispensable part of my workflow."

LAURA BRADY, BRADY TYPE

SUPPORT

Our knowledgeable support team members are dedicated to quickly solving issues and helping you succeed.

TRAINING

Take advantage of our extensive training, integrated documentation, videos, webinars, user conferences, and more...
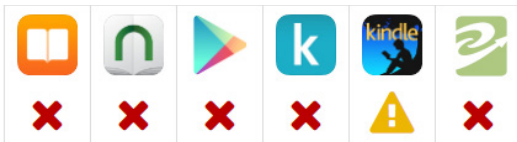

WHY CHOOSE US

We are committed to helping everyone *create high-quality ebooks* and quickly prepare them for sale.

DEEPER VALIDATION

FlightDeck clarifies the standard EPUBCheck output, providing you with targeted warnings and errors, and helpful explanations you can't get anywhere else.

HELPFUL BEST PRACTICES

FlightDeck's Best Practices testing, pulled from BISG and W3C recommendations along with decades of ebook creation experience, help you create better reading experiences. Get feedback on potential issues that impact the quality of your EPUB file.

EASY INTEGRATION

FlightDeck is also integrated with the Title Summary screen in Firebrand's Title Management, allowing you and your team to easily see which reports have errors that need to be addressed. This integration requires a subscription to Eloquence on Demand Elite, which comes with unlimited access to FlightDeck at no additional charge.

EASY TO USE

Not a developer? Not a problem! Anyone can use FlightDeck and benefit from its power. Each report can be exported as a PDF, allowing you to easily share error reports with your ebook creation vendor or other team members.

ABOUT FIREBRAND

We know publishing, not just technology.

Firebrand Technologies has been providing publishers with technology solutions for more than 35 years. We have developed our software from the ground up to handle the specific requirements of publishing workflows.
