

T TITLE MANAGEMENT

Manage your titles from acquisition through publication, and beyond, in the publishing solution that *set the industry standard*.

- Manage all of your data in one application, fully integrated with Eloquence on Demand for metadata delivery.
- Template-driven workflows and record creation promote efficiency and consistency, and eliminate tedious data entry.
- Powerful P&L and cost planning tools help you assess potential projects and adjust plans as things change.
- Custom dashboards, page views, reports, and alerts keep the process moving and help you focus on your tasks.

"Firebrand has provided a solid foundation to support the growth of our publishing operation... their knowledge of the publishing industry and understanding of the challenges companies like ours face gives them an ability to develop solutions that solve our business needs."
